

GANG INTELLIGENCE

A Smarter Approach to Gang Intelligence & Criminal Justice Collaboration

.....

INTRODUCING GANG INTELLIGENCE

Gang Intelligence System is a robust, standards-based solution designed to support law enforcement agencies, correctional facilities, and justice systems in managing and sharing gang-related intelligence. It enables efficient tracking, documentation, and monitoring of gang activities across multiple jurisdictions, ensuring enhanced security and better decision-making.

ADVANTAGES:

- ✓ Enhanced Public & Institutional Safety
- ✓ Improved Information Sharing
- ✓ Real-Time Decision Support
- ✓ Efficient Investigation Process
- ✓ Advanced Technology Integration

CNT Infotech

about us

CNT Infotech is a leading technology solutions provider serving the Jails/Corrections and Healthcare sectors since 2001. With over 25 years of experience in corrections and justice systems, CNT Infotech specializes in developing advanced, integrated solutions to enhance security and intelligence management.

KEY FEATURES

Centralized Gang Intelligence Repository

Share Security Threat Group (STG) information across correctional facilities, community corrections, police, and criminal justice agencies.

Real-Time Alerts & Notifications

Detect and receive alerts for gang-related incidents, self-acknowledgment questionnaires, visitor information, and street activities.

Housing & Offender Tracking

Search and drill down to facility, housing unit, and gang name, with detailed inmate records

Integration with OMS

Utilize existing offender-related data, including intake, classification, incidents, visitation, housing, inmate accounting, and case management.

Advanced Mapping Capabilities

Real-time interface with street maps to track gang member concentrations, view last known addresses, and access offender information.

Live Alerts from External Agencies

Get notified about gang activities from other law enforcement systems for proactive intervention.
