About CNT Infotech

CNT Infotech is a private consulting company providing application development and technology solutions to a diverse customer base. CNT Infotech began its operations primarily as a software solutions provider. CNT Infotech has combined a wide variety of staff with diverse industry expertise coupled with the technology specific experience in a variety of toolsets and databases.

At CNT Infotech, we are committed to a shared vision of delivering superior value to our customers through creative solutions. We believe that the companies who will thrive in the 21st century are those who are able to leverage the opportunities through Communication, Information Technology, Intranet and the Internet, the most powerful and dynamic commercial vehicle available today.

Vision

Be a Leading Provider of Information Technology Solutions

“CNT Infotech staff are dedicated, experienced, seasoned professionals who are committed to getting the job done”

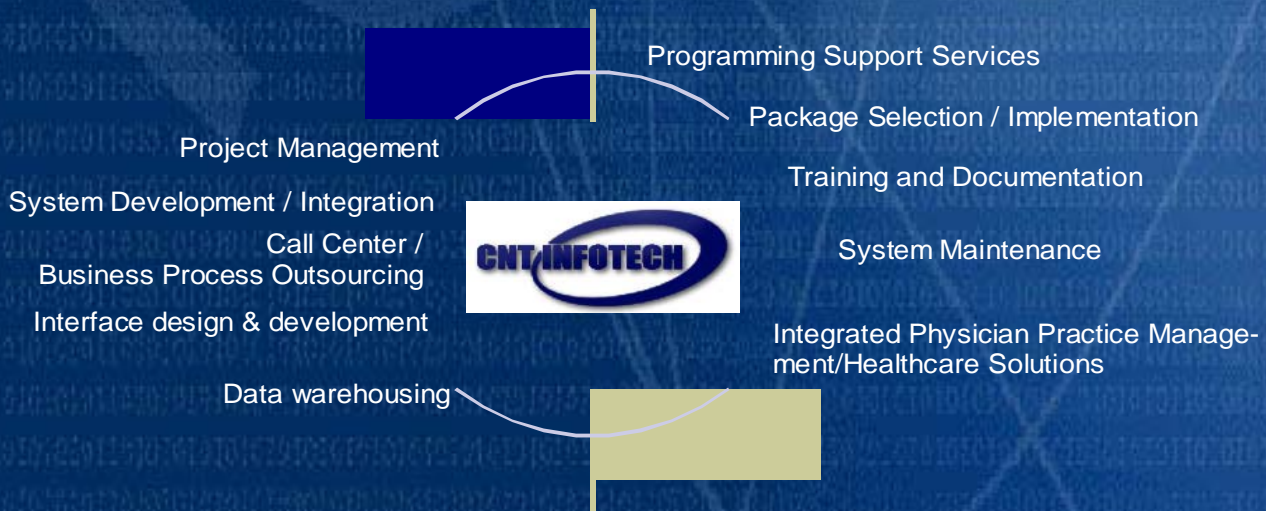

- M. Abiri, M.D., Chairman, Radiology, Greater Healthcare System of New York

Your Satisfaction is our Success

Prior to us growing and building a relationship with you, we must first convince you of the value-added benefits we bring to all our clients. We at CNT Infotech believe the cornerstone of any long-term relationship should begin with one focal point – your satisfaction.

We at CNT Infotech offer an uncompromising commitment to your success. We work in partnership with our customers and a spirit of mutual trust, consultation, and respect permeates and shapes our entire culture.

Services

Our core objective is to deliver substantial value to each and every client and project.
